Drill Operator

Dupont

E. I. du Pont de Nemours and Company, commonly referred to as DuPont, is an American chemical company that was founded in July 1802 as a gunpowder mill. Second World War: 1941 to 1945. DuPont ranked 15th among United States corporations in the value of wartime production contracts. As the inventor and manufacturer of nylon, DuPont helped produce the raw materials for parachutes, powder bags and tires.

Electrician

Engineer

Equipment Dealer

Ex- "wave"

WAVES on 30 July 1942 was established as a World War II division of the U.S. Navy that consisted entirely of women. The name was the acronym for "Women Accepted for Volunteer Emergency Service"[1] (as well as an allusion to ocean waves). The word "emergency" implied that the acceptance of women was due to the unusual circumstances of World War II, and at the end of the war the women would not be allowed to continue in Navy careers, but it or its successors continued for decades afterwards. Their official name was the U.S. Naval Reserve (Women's Reserve), but the nickname of the WAVES stuck.

Executive

Express Agent

An agent for the Railway Express agency. The first railway express agency in the United States is generally considered to have been started by William Harriden, who in 1839 began regular trips between New York City and Boston, Massachusetts as a courier transporting small parcels, currency and other valuables.

Express Co

The Railway Express Agency (REA) was a national monopoly set up by the United States federal government in 1917. Rail express services provided small package and parcel transportation using the extant railroad infrastructure much as UPS functions today using the road system. nd Boston, Massachusetts as a courier transporting small parcels, currency and other valuables.

Ex-Service Man

(Military) a man who has served in the army, navy, or air force.

Ex-Soldier

(Military) a man who has served in the army, navy, or air force.

Extra Clerk for C&O Railway

Chesapeake and Ohio Railway
